3-0017-EN-How do I change the Page Title of my website ...

Author:
ShopFactory

Created On: 20 Jun 2007 12:00 AM

-Open shop in Shopfactory
-In the Left Tree, click on your Home Page then click Edit Page
-On the left tree, locate SEO details and change/edit HTML Page Title

-Click OK
-Then simply choose Settings => Rebuild All and then republish your website and you'll see the title at the top of the browser
