---

A.)If you have ShopFactory Light, Pro, or Gold (fixed) version of ShopFactory 8 &ndash;

-Go to <http://support.shopfactory.com>

-Click "Support" button at the top part » click on the "Downloadyour software again" link.

-Click on the link under "I have ShopFactory 6, 7, or 8"

-Enter your ShopFactory V8 serial number and registered email -> clickProceed.

-An email will be sent to you with the download instructions.

-Download and install latest ShopFactory 8.

Alternatively,you can login to

» using your ShopFactory registration details

» At the &ldquo;Get ShopFactory&rdquo; section, click on Current Version: ShopFactory 8 link

» The link goes into this page: <http://www.3d3.com/encrypt/V6registrations/downloader.cgi&nbsp;>

so the merchant needs to enter own V8 registration details: serial number and registered email then click Proceed button. IMPORTANT NOTE: The merchant&rsquo;s registration details will be wrapped in the downloader.

» The download instructions will be sent to the registered email. The merchant will need to click on the Download Link to get the latest ShopFactory release.

» Download the latest ShopFactory build and install it.

B.)For ShopFactory Total Care paid users, you can download the latest buildfrom:

» Login <http://support.shopfactory.com&nbsp;>using your ShopFactory Total Care details

» At the &ldquo;Get ShopFactory&rdquo; section, click on Current Version: ShopFactory 8 link

» Download the latest ShopFactory build and install it.
