ShopFactory

Created On: 28 May 2014 11:42 PM

There are 2 ways in adding a picture or image within your Index 2.

A) Adding a picture in Index 2 bar using the "Edit Website HTML" option
Follow the steps outlined in this FAQ article –
How do I add custom HTML code to a page or to my entire website?
http://support.shopfactory.com/kayako/index.php?_m=knowledgebase&_a=viewarticle&kbarticleid=348

B) If you want to only add one image below Index 2 then you can try using the add image option under Left sidebar via Customize Design.

» Open your shop in ShopFactory
» click Customize Design
» Click on the Index 2 area -> a shortcut menu appears -> locate the **Left Sidebar** option
» Select “Add image...”

» Select an image -> click Ok.
