To remove the horizontal line on the site header of JEFI themes you need to add the codes below in the website HTML area of your shop.

- Open shop in ShopFactory
- Click Properties
- Click Edit Website HTML
- Click add + button
- Paste the code below

```
<style>
#DesignImage4 { display:none;}
</style>
```

- Click Ok
- Click Settings
- Click Rebuild all
- Preview shop
- Publish shop
