

3-0034-EN-Inserting Bookmark via insert link

Author:
ShopFactory

Created On: 23 Nov 2010 12:00 AM

That Bookmark button does NOT insert/create a bookmark.
Clicking it will open a window that lists all the bookmarks found on the page that is currently visible in the preview window. The selected bookmark in the list will be appended to the Address field.

E . g . : Preparing to insert a link to a bookmark:

- Enter the address that you want to link to. Click the Preview button (the one with the round arrow icon, next to the Address field)

- Click the Bookmark button
- All the bookmarks found in the preview window will be listed.

- Select a bookmark and click OK.
- The Address field now has the bookmark.
