ShopFactory

Created On: 08 Jun 2013 9:19 AM

- Run ShopFactory
- At the Account Setup window, place your mouse pointer at the lower right corner of the border – see screenshot.
- If the arrow pointer changes into a "resize pointer" click and drag the window to resize it (make it bigger)

Alternatively, you can set your Windows DISPLAY to the default setting –
- Right click on the DESKTOP
- Select PERSONALIZE
- At the left column, click on DISPLAY
- Change to Smaller – 100% (default)
- Click APPLY
- Then run ShopFactory again
