To comply with the GDPR regulations, the product details must be displayed to your buyer during Checkout.

1: All products must have texts in the product introduction section

This can be achieved by adding the product details in the "**Product Introduction**" section for each product.
- Open your shop in ShopFactory
- At the left-tree menu, select the page/department where products are contained (you can choose to switch to LIST mode for a quick view of all products in that department)

- Select a product -> click "*EDIT PRODUCT*" from the toolbar

- In the "**Introduction**" textbox, enter a short description for this product

*** *Repeat above steps for all other products in your shop*

2: Enable the "Show product details in checkout" option under Global Settings

- Click *Settings* menu -> select "*Global Settings*"
- At the left column, select "*Settings for this Website*" -> **Miscellaneous**
- Tick "**Show Product details in checkout**" checkbox as shown below:

 - Click Ok.

- Save and publish your shop again.

When customers order from your shop, the "product introduction" texts will be displayed at the final checkout page.

Here's an example:
