A.)If you have ShopFactory Light, Pro, or Gold (fixed) version of ShopFactory 8 –
-Go to http://support.shopfactory.com
-Click "Support" button at the top part » click on the "Downloadyour software again" link.
-Click on the link under "I have ShopFactory 6, 7, or 8"
-Enter your ShopFactory V8 serial number and registered email -> clickProceed.
-An email will be sent to you with the download instructions.
-Download and install latest ShopFactory 8.
Alternatively,you can login to
  » using your ShopFactory registration details
  » At the “Get ShopFactory” section, click on Current Version: ShopFactory 8 link
  » The link goes into this page: http://www.3d3.com/encrypt/V6registrations/downloader.cgi
so the merchant needs to enter own V8 registration details: serial number and registered email then click Proceed button. IMPORTANT NOTE: The merchant’s registration details will be wrapped in the downloader.
  » The download instructions will be sent to the registered email. The merchant will need to click on the Download Link to get the latest ShopFactory release.
  » Download the latest ShopFactory build and install it.

B.)For ShopFactory Total Care paid users, you can download the latest buildfrom:

  » Login http://support.shopfactory.com using your ShopFactory Total Care details
  » At the “Get ShopFactory” section, click on Current Version: ShopFactory 8 link
  » Download the latest ShopFactory build and install it.
