ShopFactory Updates are released as required, approximately every 2 months.

To download the latest update of ShopFactory do the following:- 1. Go to

<http://www.shopfactory.com/contents/en-us/d18.html> and then Download and install the latest release: ShopFactory V10

2. Once installation has completed, open your shop in ShopFactory 10 -> click Properties -> Payment Methods Accepted -> go through the wizard without changing anything until finish. Or you can click on Properties -> Taxes -> click Ok. If you don't have taxes setup, click Properties -> Shipping charges and click Ok to update the ordertotal.html file.

3. **RECOMMENDED:** Enable 'Rebuild all' from 'Settings' menu then click on external 'Preview' -> place a test order in your shop to ensure checkout can be completed.

4. Go back to 'Normal' mode and untick 'Rebuild all'

5. Save and preview your shop in External browser. Place a test order to ensure secure checkout works.

6. Publish your shop again.
