1. Download the order receipt.html and order invoice.html files through this link
<http://download.shopfactory.com/support/invoice-receipt.zip>
 2. Then, open your ShopFactory installation folder, by default, it is on C:Program Files
 3. Open Sales Manager folder
 4. Open Template folder
 5. Create a new folder and name it "User";
 6. Then copy the order invoice.html orderreceipt.html and paste on this folder
- You should be able to see Tax Invoice and Tax Receipt now in the header of your Invoice and Receipt respectively.
