Masterpass is already supported in ShopFactory but is currently **ONLY** available for Australian merchants with payment provider account thru *DirectOne*, *eWAY* or *SecurePay* gateways.

Here is my MasterPass test shop only for Australian merchants:

- Open your shop in ShopFactory
- Click on Properties -> Payment Methods Accepted

Note: To use Masterpass as payment method payment provider account thru *DirectOne*, *eWAY* or *SecurePay* gateways.

- The payment providers list shows up, enable the payment you want by ticking it in this case, tick "*DirectOne*," option
- Click Next
- Enter your *DirectOne* merchant account details (Username, Password, currencies supported, etc.)
- To enable Masterpass payment you need to tick the box for "Show Masterpass button" and enter your MasterPass checkout id
- Make sure you select the currency that matches ShopFactory, once set it cannot be changed in your Total Care account

- Click Next

(Note: You can sort the payment methods display by pressing the up/down arrow)

 - Save and preview your shop. Place a test order.
 - Republish your shop so that the changes are uploaded online.
- Your shop can now accept online orders.
