We have now integrated with Platon payment provider in ShopFactory.

STEP 1: Setup Callback URL in your Platon merchant account
You must login to your account, Https://secure.platononline.net
 (we have not added the callback URL in their merchant account as it requires changing their password when logging in for the first time)
Personal cabinet Platon:

user login:
user password:

And then register our **CALLBACK URL**: (it might be under “***Configuration***” menu – please ask the merchant to give us a screenshot of the interface so we can add this in the FAQ article)
CALLBACK URL: https://www.globecharge.com/webshop/platon.cgi

STEP 2: Setting up Platon as my payment processor in ShopFactory

- Open your shop in ShopFactory
- Click on Properties -> Payment Methods Accepted
- The payment providers list shows up, enable the payment you want by ticking it in this case, tick "**Platon**" option

- Click Next
- Enter your Platon merchant account details (Username, Password, currencies supported, etc.)
- Make sure you select the currency that matches ShopFactory, once set it cannot be changed in your Total Care account
- Tick the card types under WireCard’s supported Payment Methods that you want to enable in your shop.

- Click Next
(***Note***: You can sort the payment methods display by pressing the up/down arrow)
- Click Finish
- Save and preview your shop. Place a test order.
- Republish your shop so that the changes are uploaded online.

Your shop can now accept online orders.
