**Shop by Brand** is a special page supported in ShopFactory Gold product. Please note that your Hosting account must have PHP enabled for this function to work properly.

To remove brands from "Shop by Brand: page, please follow the steps below:

- Open up shop in ShopFactory V9/V10
- At the left tree menu, locate **Shop by Brand** and double-click to open the page properties
- You will see the list of Brands
- Untick the Brand name that you no longer want to use.

Or better yet, you can select the Brand and click on **X** (delete) button below the Brand list

- Click OK
- Save and preview shop in external browser
- Republish shop to upload the changes online
